

Energy for Brighter Tomorrows

Apr 2020

# CLP SMART ENERGY AWARD

**2020** Open for Entries Now

CLP encourages businesses and organisations in Hong Kong to adopt energy-saving solutions through the Smart Energy Award programme.

Past winners have demonstrated innovative practices, big and small.

Are you ready to take part this year? Enter today, and let's all be inspired by the success stories of businesses, NGOs, and the education institutes.

# 2019 Winners' Stories

(SME / NGO / Education Institute)

## Energy Saving Performance Grand Award

**TWGHs Lions Club of  
South Kowloon Nursery School**

The nursery school implemented a range of energy-saving measures after having a free CLP Energy Audit, including the installation of an Energy Recovery Ventilator which improved the indoor air quality and saved up to 10% on air conditioning costs, and an all-electric kitchen which saved 30% of energy compared with a traditional kitchen.

## Peak Demand Management Grand Award

### Hong Kong Institute of Vocational Education (Tsing Yi)

The college introduced a variety of energy-saving steps and renewable energy measures. By joining the CLP Peak Demand Management programme, the college also encouraged students and employees to reduce their electricity consumption during peak demand periods.

## Renewable Energy Excellence Award

### The Lok Sin Tong Benevolent Society, Kowloon

The 11 Lok Sin Tong schools installed solar power systems with a total capacity of 110 kilowatts and joined in the CLP Renewable Energy Feed-in-Tariff (FiT) scheme, earning FiT payments which will be spent on environmental education for students.

Radio Promotion

## Smart Technology Grand Award

### Alpine Nursing Home

The nursing home fitted smart sensor devices operated by a mobile app and saved up to 30% on its energy consumption for lighting. Meanwhile, an air purifier was installed to improve indoor air quality and reduce consumption by air conditioners.
