Deadline for applications: 31 May 2021

Let's support green energy together by taking part in the CLP Smart Energy Award programme. The 2021 award programme has been open for applications now, encouraging businesses and organisations to embrace innovation and technology, and collaborate towards a lower-carbon future.

Programme Timeline

2020 Winners' Stories

Encouraging Flexible, Efficient Energy Management

Efficient power management is essential to reduce carbon emissions amid the challenges of climate change. Many business customers have signed up to CLP's Peak Demand Management programme and reduced their energy use in peak consumption hours.

Peak Demand Management Award Winners

Corporate / Government Bodies

SMEs / NGOs / Education Institutes

Airport Authority Hong Kong

Gold Medal Laundry Service

Green Island Cement
Company Limited

King Wah Properties Limited

Regal Riverside Hotel

Oasis Nursing Home

Winners' Stories Sharing

Peak Demand Management Grand Award Airport Authority Hong Kong

The Airport Authority Hong Kong introduced a Smart-To-Charge system for electric vehicles which flexibly allocates the power supply to as many electric vehicles as possible without the need for additional power facilities. The system can reduce energy consumption by more than 50% during peak demand periods.
