Successful Story

616 Hot Pot installed split system air conditioners with higher energy efficiency at its Tai Wai branch to provide a greener and more comfortable dining environment for customers. The project was subsidised by the **CLP Electrical Equipment Upgrade Scheme**, which helped shorten the payback period as well as reduce electricity expenses.

Installed 4 high energy-efficient split system air conditioners

Subsidy Amount : 💰 **HK\$10,000**

Anticipated Annual Energy Saving: ⚡ **~24,300 kWh**
