Power Incident Notification

CLP Power Hong Kong Limited (CLP Power) announced that this morning (22 December) two of the three 132kV circuits feeding electricity to High Speed Rail (Hong Kong Section) Shek Kong substations failed to resume operation after a planned maintenance work with the MTR Corporation, resulting in limited power supply affecting the train service of the High Speed Rail. The two circuits are now under emergency repair. CLP apologises for any inconvenience caused.

Further updates will be provided when more information is available.
